V. GENERAL QUESTIONS

Please be as descriptive as possible! Use an additional sheet of paper if needed.

1. According to the city or county ordinance, what is the exact number of dogs and cats are you allowed keep?
2. What is the phone number to the City Clerk and / or the Animal Control Office for your area?

3. If your job or lifestyle were to change to the extent that are no longer able to keep or care for your Pug, what would you do?

4. When you adopt a Pug, how much time do you think it will take for your new Pug to adjust to the family?

5. If your Pug does not get along with the current pet(s) or family member(s), what would you do?

6. How much time do you expect to keep your Pug **indoors**?
7. How much time do you expect to keep your Pug **outdoors**?
8. How will you have your Pug cared for if were to leave for an extended period of time (IE: vacation, work)?

9. If your Pug does something wrong, what method of correction will you use?

10. When you are not home, how will you confine your Pug?

11. Please explain your thoughts in regards to using a crate as opposed to other confinement methods:

12. How many hours do you anticipate your Pug will be home alone per day?

13. Have you ever lost a pet or have a pet run away? If yes, please explain what happened and what you did to find it:

14. What factors made you decide that a Pug is the right breed for you and your family?

15. If you have children, how much exposure to caring for the family pets (such as dogs or cats) have they had and what were their responsibilities?

16. What made you decide on a **rescued** Pug in particular?

VI. PUG HEALTH

1. What brand of dog food do you plan on feeding your Pug?

2. On our web site, we refer to various eye conditions that are more common in Pugs than in other breeds. What kind of product do we suggest to help prevent at least two of the eye conditions listed?

3. Pugs overheat easily. What will you do to keep your Pug cool and comfortable?

4. Weight gain tends to effect Pugs easily which shortens their life. How will you control excessive weight gain in your Pug?

5. Training a Pug can be challenging as they can be very stubborn. How do you plain on training your Pug and what methods would you consider?

6. Your Pug chewed a valuable personal item. What method of correction would you use and how would you prevent it from happening again?

7. Because Pugs have big wrinkles on their face, it is common to have to clean the wrinkles on a regular basis. Additionally, a Pugs ears are easily prone to ear infections. Are you ready for a pet that may require more attention than the average dog?

PUG PREFERENCES

The type of Pug I am looking for has the following characteristics:

Check all that apply:

Male	_____	Female	_____	Doesn't Matter	_____
Young Puppy (3-6 months)	_____			Puppy (6-24 months)	_____
Adult (2-8 Years)	_____			Senior (9-12 Years)	_____
Special Needs	_____			Bonded Pair	_____
Fawn	_____	Black	_____	Apricot	_____
				No Preference	_____

Of the Available Pugs listed on our web site, which ones do you feel fit your lifestyle and why?

NOTE: Listing a Pugs name does not guarantee you will be able to adopt the Pug you listed. If the Pug you are interested in is adopted while your application is being reviewed, you will be placed on a waiting list for a Pug that matches your requested characteristics.

Pugs vary greatly in temperament, personality, and activity level. What characteristics, if any would you find undesirable in a Pug?
